Metamagical Themas

Metamagical Themas is an eclectic collection of articles that Douglas Hofstadter wrote for the popular science magazine Scientific American during the early 1980s. The anthology was published in 1985 by Basic Books. The volume is substantial in size and contains extensive notes concerning responses to the articles and other information relevant to their content. Major themes include: self-reference in memes, language, art and logic; discussions of philosophical issues important in cognitive science
